INDEX TO VOLUME 16, 1951

Journal of Speech and Hearing Disorders

Abstracts (of current articles). 68-70, 183-198, 297-299, 383-389
American Speech and Hearing Association
Convention
Formal call for papers. 99
Program. 211-212, 307-312
Proposal for revision of the constitution of the American Speech and Hearing Association. 313-319
Report of council and business meetings. 83-96
Honors of the Association. Clarence T. Simon. 71-72
Retiring president. Wendell Johnson. 73
American Speech and Hearing Association, The modern meaning of the. Editorial: G. Fairbanks) 100-102
Analysis of 500 cases of hearing disability, An (H. A. Newby and D. M. Molyneaux) 213-217
Analysis of the Utley lipreading test, An (L. M. DiCarlo and R. Kataja) 226-240
Aphasia, A bibliography on (R. R. Leutenegger) 280-292
Aphasia and dysarthria, Group speech therapy for motor (M. L. Corbin) 21-34
Artificial stutter (B. S. Lee) 53-55
Athetotic shoulder tremors, The remission of, through the use of non-musical sound stimuli (L. M. Schmeling) 264-272
Audiology, Otologic applications of (R. E. Jordan) 115-122
Audiometry, A preliminary investigation of the ear-choice technique in threshold (E. T. Curry and G. Kurtzrock) 340-345
Auditory communication, (H. Davis) 3-8
Auditory training program, A clinical (A. F. Johnson and B. M. Siegenthaler) 35-39

Baker, E. E., and Sokoloff, M. Therapy for speech deficiencies resulting from acute bulbar poliomyelitis infection. 337-339
Baker, H. K. *See* McDonald, E. T.
Beasley, J. Development of social skills as an instrument in speech therapy. 241-245
Bibliography on aphasia, A (R. R. Leutenegger) 280-292
Birth, Type of, as related to stuttering (J. L. Boland, Jr.) 40-43
Black, J. W. The effect of delayed side-tone upon vocal rate and intensity. 56-60
Bloomer, H. and Shohara, H. Speech disorders among European military personnel in World War I: Part 1. 351-366
Boland, J. L., Jr. Type of birth as related to stuttering. 40-43
Book reviews. 65-67, 167-182, 293-296, 377-382
Bordley, J. E. *See* Hardy, W. G.
Broadus, R. N. Some sources of literature on speech disorders. 61-64
Brodnitz, F. S. Stuttering of different types in identical twins. 334-336

Cerebral palsied speech cases, Muscle training for (H. Westlake) 103-109
Cerebral palsy professional training activities in this country (M. F. Palmer) 157-158
Children, preschool, A consideration of thiamin supplement in prevention of stuttering in (L. L. Hale) 327-333
Special techniques in testing the hearing of (W. G. Hardy and J. E. Bordley) 123-131
Cleft palate speech: An integration of research and clinical observation (E. T. McDonald and H. K. Baker) 9-20
Clinical auditory training program, A (A. F. Johnson and B. M. Siegenthaler) 35-39
Communication, Auditory (H. Davis) 3-8
Consideration of thiamin supplement in prevention of stuttering in preschool children, A (L. L. Hale) 327-333
Consonantal position. Infant speech: (O. C. Irwin) 159-161

Cerebral palsied speech cases, Muscle training for (H. Westlake) 103-109
Cerebral palsy professional training activities in this country (M. F. Palmer) 157-158
Children, preschool, A consideration of thiamin supplement in prevention of stuttering in (L. L. Hale) 327-333
Special techniques in testing the hearing of (W. G. Hardy and J. E. Bordley) 123-131
Cleft palate speech: An integration of research and clinical observation (E. T. McDonald and H. K. Baker) 9-20
Clinical auditory training program, A (A. F. Johnson and B. M. Siegenthaler) 35-39
Communication, Auditory (H. Davis) 3-8
Consideration of thiamin supplement in prevention of stuttering in preschool children, A (L. L. Hale) 327-333
Consonantal position. Infant speech: (O. C. Irwin) 159-161

Continuously variable time delay of headset monitoring during magnetic recording of speech, A device for (G. Fairbanks and R. Jaeger) 162-164
Corbin, M. L. Group speech therapy for motor aphasia and dysarthria. 21-34
Curry, E. T. and Kurtzrock, G. A preliminary investigation of the ear-choice technique in threshold audiometry. 340-345

Davis, H. Auditory communication. 3-8
Delayed side-tone, The effect of, upon vocal rate and intensity (J. W. Black) 56-60
Development of social skills as an instrument in speech therapy (J. Beasley) 241-245
Device for continuously variable time delay of headset monitoring during magnetic recording of speech, A (G. Fairbanks and R. Jaeger) 162-164
DiCarlo, L. M. and Kataja, R. An analysis of the Utley lipreading test. 226-240
Doyne, M. P. and Steer, M. D. Studies in speech reception testing. 132-139
Duration characteristics, The pitch and, of superior female speakers during oral reading (J. C. Snidecor) 44-52
Dysarthria, Group speech therapy for motor aphasia and (M. L. Corbin) 21-34

Ear-choice technique in threshold audiometry, A preliminary investigation of the (E. T. Curry and G. Kurtzrock) 340-345
Editorial notes. 8, 100-102, 212
Effect of delayed side-tone upon vocal rate and intensity, The (J. W. Black), 56-60
Effect of speech training on silent reading achievement, The (M. V. Jones) 258-263
Employability of the hearing aid wearer, A survey of attitudes of local industry toward the (A. J. Van Deventer and J. A. Scanlon) 222-225
European military personnel in World War I, Speech disorders among: Part 1 (H. Bloomer and H. Shohara) 351-366
Evaluation of hearing aids worn by school children, An (C. H. Weaver) 218-221
Exploratory investigation of the self-concept of stutterers, An (F. E. Fiedler and J. M. Wepman) 110-114

Fairbanks, G. Editorial: The modern meaning of the American Speech and Hearing Association. 100-102
Fairbanks, G. and Jaeger, R. A device for continuously variable time delay of headset monitoring during magnetic recording of speech. 162-164
Fairbanks, G. and Lintner, M. V. H. A study of minor organic deviations in 'functional' disorders of articulation: 4. The teeth and hard palate. 273-279
Female speakers, The pitch and duration characteristics of superior, during oral reading (J. C. Snidecor) 44-52
Fiedler, F. E. and Wepman, J. M. An exploratory investigation of the self-concept of stutterers. 110-114
'Functional' disorders of articulation, A study of minor organic deviations in: 4. The teeth and hard palate (G. Fairbanks and M. V. H. Lintner) 273-279

Graduate theses in speech and hearing disorders—1950 (F. H. Knower) 367-374
Group speech therapy for motor aphasia and dysarthria (M. L. Corbin) 21-34

Hale, L. L. A consideration of thiamin supplement in prevention of stuttering in preschool children. 327-333
Hard palate, The teeth and. A study of minor organic deviations in 'functional' disorders of articulation: 4. (G. Fairbanks and M. V. H. Lintner) 273-279
Hardy, W. G. and Bordley, J. E. Special techniques in testing the hearing of children. 123-131
Headset monitoring during magnetic recording of speech, A device for continuously variable time delay of (G. Fairbanks and R. Jaeger) 162-164
Hearing aid wearer, A survey of attitudes of local industry toward the employability of the (A. J. Van Deventer and J. A. Scanlon) 222-225
Hearing aids worn by school children, An evaluation of (C. H. Weaver) 218-221
Hearing disability, An analysis of 500 cases of (H. A. Newby and D. M. Molyneaux) 213-217
Hearing of children, Special techniques in testing the (W. G. Hardy and J. E. Bordley) 123-131
Hearing units, Michigan's mobile (C. D. Osborn) 140-147

Infant speech: Consonantal position (O. C. Irwin) 159-161
Institute of Logopedics, The: Its physical plant (M. F. Palmer) 246-249
Intensity, vocal rate and, The effect of delayed side-tone upon (J. W. Black) 56-60
Irwin, O. C. Infant speech: Consonantal position. 159-161

Jaeger, R. *See* Fairbanks, G.
Johnson, A. F. and Siegenthaler, B. M. A clinical auditory training program. 35-39
Jones, M. V. The effect of speech training on silent reading achievement. 258-263
Jordan, R. E. Otologic applications of audiology. 115-122

Kataja, R. *See* DiCarlo, L. M.
Knower, F. H. Graduate theses in speech and hearing disorders—1950. 367-374
Kurtzrock, G. *See* Curry, E. T.

Lee, B. S. Artificial stutter. 53-55
Letters to the editor. 165-166, 375-376
Leutenegger, R. R. A bibliography on aphasia. 280-292
Lewis, D. and Sherman, D. Measuring the severity of stuttering. 320-326
Lintner, M. V. H. *See* Fairbanks, G.
Lipreading test, An analysis of the Utley (L. M. DiCarlo and R. Kataja) 226-240

McDonald, E. T. and Baker, H. K. Cleft palate speech: An integration of research and clinical observation. 9-20
Measuring the severity of stuttering (D. Lewis and D. Sherman) 320-326
Michigan's mobile hearing units (C. D. Osborn) 140-147
Mobile hearing units, Michigan's (C. D. Osborn) 140-147

Modern meaning of the American Speech and Hearing Association, The. Editorial: (G. Fairbanks) 100-102
Molyneaux, D. M. *See* Newby, H. A.
Muscle training for cerebral palsied speech cases (H. Westlake) 103-109

New England, A survey of services for the speech and hearing handicapped in (W. Pronovost) 148-156
Newby, H. A. and Molyneaux, D. M. An analysis of 500 cases of hearing disability. 213-217
News and announcements. 74-82, 199-208, 300-304, 390-395

Objective approach to the investigation of social adjustment of male stutterers, An (D. C. Spriestersbach) 250-257
Oral reading, The pitch and duration characteristics of superior female speakers during (J. C. Snidecor) 44-52
Osborn, C. D. Michigan's mobile hearing units. 140-147
Otologic applications of audiology (R. E. Jordan) 115-122

Palmer, M. F. Cerebral palsy professional training activities in this country. 157-158
Institute of Logopedics, The: Its physical plant. 246-249
Pitch and duration characteristics of superior female speakers during oral reading, The (J. C. Snidecor) 44-52
Poliomyelitis infection, acute bulbar, Therapy for speech deficiencies resulting from (E. E. Baker and M. Sokoloff) 337-339
Preliminary investigation of the ear-choice technique in threshold audiometry, A (E. T. Curry and G. Kurtzrock) 340-345
Professional training activities in this country, Cerebral palsy (M. F. Palmer) 157-158
Pronovost, W. A survey of services for the speech and hearing handicapped in New England. 148-156

Rate and intensity, vocal, The effect of delayed side-tone upon (J. W. Black) 56-60
Reading achievement, The effect of speech training on silent (M. V. Jones) 258-263
Recording of speech, A device for continuously variable time delay of headset monitoring during magnetic (G. Fairbanks and R. Jaeger) 162-164
Remission of athetotic shoulder tremors through the use of non-musical sound stimuli, The. (L. M. Schmeling) 264-272

Scanlon, J. A. *See* Van Deventer, A. J.
Schmeling, L. M. The remission of athetotic shoulder tremors through the use of non-musical sound stimuli. 264-272
School children, An evaluation of hearing aids worn by (C. H. Weaver), 218-221
Self-concept of stutterers, An exploratory investigation of the (F. E. Fiedler and J. M. Wepman) 110-114
Services for the speech and hearing handicapped in New England, A survey of (W. Pronovost) 148-156
Sherman, D. *See* Lewis, D.
Shohara, H. *See* Bloomer, H.
Siegenthaler, B. M. *See* Johnson, A. F.
Snidecor, J. C. The pitch and duration characteristics of superior female speakers during oral reading. 44-52
Social adjustment of male stutterers, An objective approach to the investigation of (D. C. Spriestersbach) 250-257
Social skills as an instrument in speech therapy, Development of (J. Beasley) 241-245
Sokoloff, M. *See* Baker, E. E.
Some sources of literature on speech disorders (R. Broadus) 61-64
Special techniques in testing the hearing of children (W. G. Hardy and J. E. Bordley) 123-131
Speech and hearing handicapped in New England, A survey of services for the (W. Pronovost) 148-156
Speech deficiencies resulting from acute bulbar poliomyelitis infection, Therapy for (E. E. Baker and M. Sokoloff) 337-339
Speech disorders, Some sources of literature on (R. N. Broadus) 61-64
Speech disorders among European military personnel in World War I: Part 1 (H. Bloomer and H. Shohara) 351-366
Speech in normal subjects, Time-patterns of. II (M. Verzeano) 346-350
Speech reception testing, Studies in (M. P. Doyne and M. D. Steer) 132-139
Speech therapy, Development of social skills as an instrument in (J. Beasley) 241-245
Speech training, The effect of, on silent reading achievement (M. V. Jones) 258-263
Spriestersbach, D. C. An objective approach to the investigation of social adjustment of male stutterers. 250-257
Steer, M. D. *See* Doyne, M. P.
Studies in speech reception testing (M. P. Doyne and M. D. Steer) 132-139
Study of minor organic deviations in 'functional' disorders of articulation, A: 4. The teeth and hard palate (G. Fairbanks and M. V. H. Lintner) 273-279
Stutter, Artificial (B. S. Lee) 53-55
Stutterers, An exploratory investigation of the self-concept of (F. E. Fiedler and J. M. Wepman) 110-114
objective approach to the investigation of social adjustment of male, An (D. C. Spriestersbach) 250-257
Stuttering, Measuring the severity of (D. Lewis and D. Sherman) 320-326
Type of birth as related to (J. L. Boland, Jr.) 40-43
Stuttering in preschool children, A consideration of thiamin supplement in prevention of (L. L. Hale) 327-333
Stuttering of different types in identical twins (F. S. Brodnitz) 334-336
Survey of attitudes of local industry toward the employability of the hearing aid wearer, A (A. J. Van Deventer and J. A. Scanlon) 222-225
Survey of services for the speech and hearing handicapped in New England, A (W. Pronovost) 148-156

Teeth and hard palate, The. A study of minor organic deviations in 'functional' disorders of articulation: 4. (G. Fairbanks and M. V. H. Lintner) 273-279
Test, An analysis of the Utley lipreading (L. M. DiCarlo and R. Kataja) 226-240
Testing, Studies in speech reception (M. P. Doyne and M. D. Steer) 132-139
Testing the hearing of children, Special techniques in (W. G. Hardy and J. E. Bordley) 123-131
Therapy for speech deficiencies resulting from acute bulbar poliomyelitis infection (E. E. Baker and M. Sokoloff) 337-339

Theses, Graduate, in speech and hearing disorders—1950 (F. H. Knower) 367-374
Thiamin supplement in prevention of stuttering in preschool children, A consideration of (L. L. Hale) 327-333
Time delay of headset monitoring during magnetic recording of speech, A device for continuously variable (G. Fairbanks and R. Jaeger) 162-164
Time-patterns of speech in normal subjects. II (M. Verzeano) 346-350
Twins, Stuttering of different types in identical (F. S. Brodnitz) 334-336
Type of birth as related to stuttering (J. L. Boland, Jr.) 40-43

Utley lipreading test, An analysis of the (L. M. DiCarlo and R. Kataja) 226-240

Van Deventer, A. J. and Scanlon, J. A. A survey of attitudes of local industry toward the employability of the hearing aid wearer. 222-225
Verzeano, M. Time-patterns of speech in normal subjects. II. 346-350

Weaver, C. H. An evaluation of hearing aids worn by school children. 218-221
Wepman, J. M. *See* Fiedler, F. E.
Westlake, H. Muscle training for cerebral palsied speech cases. 103-109
World War I, Speech disorders among European military personnel in: Part 1 (H. Bloomer and H. Shohara) 351-366
